

NEWARK RESIDENT KILLED IN TRAIN CROSSING CRASH

A train-automobile collision at a highway crossing near Decoto Sunday morning claimed the life of James R. Jordan, 51, Newark laborer, and seriously injured his two companions.

Glenn Cole, Newark, and Marvill Payne, Hayward, riding in the front seat of the car with Jordan when the car was struck, were rushed to the Fairmont Hospital in the Dallas Paul ambulance. Both men were suffering from severe bruises and facial lacerations.

The men riding in the car with Jordan driving were headed toward Decoto from Newark when their auto was struck by a south-bound Western Pacific freight train. The car was completely demolished and thrown approximately 30 feet from the crossing by the impact.

Funeral services for Mr. Jordan will be conducted from the parlors of the Berge Mortuary Company in Niles, Monday at 1:30 p.m. Interment will be at the Santa Clara City Cemetery.

ERNIE FRICK IS TAKEN FOR QUAIL

E. H. Frick, Niles merchant and hunter of no small ability, was struck in the neck and chest by a shotgun blast by another hunter apparently not too adept in the recognition of a quail while hunting near Paso Robles early this week.

Although struck by several of the lead pellets, only one punctured the skin and that was in the region of Frick's Adam's apple, but it was not a crippling blow—he is already talking up plans for another hunting excursion.

He was accompanied on the trip by Dr. T. C. Wilson and Richard Davis.

NEWARK MEN SEEK DRAINAGE DISTRICT

Preliminary steps were taken by the Newark Chamber of Commerce this week for the formation of a drainage district in that community.

A committee appointed by R. A. Jolly, president of the C. of C., to meet with Wallace Boggs, county surveyor, included Paul Gygas, H. F. Bolyard and Mr. Jolly. No date for the meeting has been announced but Mr. Jolly stated this week they hoped to meet at the earliest convenience of the county surveyor and formulate plans.

A second committee, to be appointed by Jolly, will also meet with Boggs to take up the issue of zoning Newark.

At the Tuesday evening meeting of the Chamber, Kenneth Foster was named to head a publicity committee to outline a booster campaign for the community of Newark.

HUSKIES SCORE EASILY TO BEAT GILROY 31 TO 7

By GORDON KIBBY

Last Friday night the Washington Huskies rolled over the Gilroy Mustangs to the tune of 31 to 7.

All through the game the Huskies were always on the offensive. In the first quarter the Huskies kicked off to the Mustangs but promptly took over and marched down the field for the first tally. The try for extra point was good.

In the second quarter the Huskies again took the ball and marched to a second touchdown, but the try for extra point failed. Bernard accounted for both the first half tallies for the Huskies.

SCORE TWICE IN THIRD

The Huskies racked up two more touchdowns in the third quarter, the first coming on the second play when Joe Salvador scampered over after making 70 yards on the previous play by snatching a pass and advancing it to the goal line. The try for extra point was good and the score stood 19-0. The Mustangs scored their only touchdown of the game in the third stanza by completing a long pass and converted for the extra point. The Huskies came back to score quickly when Harold Rogers, speedy little Negro "scat" back gathered in a long pass for the fourth touchdown.

In the fourth quarter the Huskies again rolled into the end zone when Rogers, behind good blocking, went over for the fifth and final tally of the game for a final score of Washington 31 and Gilroy 7.

SECONDS WIN UPSET

In the preliminary tilt, the 130's team gave a good show when they played what might be called the upset game of the season, defeating the favored Gilroy "130" team 14 to 13.

On Friday night, Nov. 22, both the varsity and "130" teams travel to Fremont to play the windup game of the S.C.V.A.L. season.

JACINTO GETS BIG LEAGUE TRYOUT

Jesse Jacinto Jr., 1260 Vallejo street, Alvarado, will go to Oakland Saturday for a tryout for shortstop position before talent scouts of the St. Louis Browns. Eleven other west coast youths will also be given an opportunity to display their fielding and hitting abilities at the Saturday session.

Jesse is one of the flashiest infielders to be developed in this area. He lettered on the Washington Union High School team for four years and went on to play with the San Mateo Blues. He hung up his spikes in 1944 and donned a navy uniform and served aboard a navy repair ship in the South Pacific.

Renewing his baseball career upon separation from the service in June of this year, Jesse won the infield post with the San Jose Merchants. Wednesday, Tony Robello, former Cincinnati Red player and now talent scout for the St. Louis Browns, drove to Alvarado to invite Jesse to Oakland for his tryout Saturday.

HEAVY RAINFALL RECORDED HERE

Washington Township came in for its part of a storm that raked the entire west coast during the past week.

A clear, warm week-end ended abruptly around noon Monday when heavy cloud formations began rolling in over the coastal areas. A light drizzle of rain began early in the evening, continuing through the night and gained momentum during the day Tuesday, pouring down a total of 2.20 inches in a little more than 24 hours.

The high winds which accompanied the storm in San Francisco and northern areas did not strike southern Alameda County.

Forecasters warned yesterday that a second storm of lesser tempo might strike this area again this week-end.

LAST RITES FOR HENDRIK DE VRIES

Funeral services were conducted from the parlors of the Berge Mortuary, Niles, Monday for Hendrik de Vries, age 75, of Newark, who was found dead at his home at 560 Olive street Friday evening.

He is survived by a daughter, Mrs. Nellie de Knoop, Newark; a brother, Abraham de Vries of Fresno, and a grandson, Alexander de Knoop of Newark.

FIRST AMERICAN TOWNSHIP SETTLERS MADE FORTUNES GROWING VEGETABLES

CABBAGE WAS SELLING FOR \$1.10 A HEAD

The late Earl Marshall, who came to California in 1846 and settled in Washington Township in 1847, obtained in 1853 some grafted fruit trees from New Jersey. Packed in moss and charcoal, they were carried on mule-back across the isthmus of Panama. The late Captain Bond had some of these trees and planted them on his place at Centerville. Some of them were bought by George A. Lloyd, who had a land claim near Centerville, afterwards Mrs. Randall's, where the Toad garden was, and now Mrs. Lowrie's.

Simon Stivers, who came to California with Earl Marshall and became his heir, planted some of them; some were planted by the late William Sim on his land claim, now the Shinn farm; and some by the late Jos. Nichols Sr.

These early fruit trees paid for themselves several times over when they began to bear. The same year, the late E. L. Beard, at the Mission, received through Dr. Whitney a stock of fruit trees from New York, being brought across the plains and watered on the way.

Long before 1853 the choice garden land of Washington had made

liver his Thanksgiving sermon at the Newark Presbyterian Church at 11 a.m. The choir will present "The Prayer of Thanksgiving," by Krenser.

MISSIONARY OFFERING

Sunday evening, the Ladies' Missionary Society of the Newark Presbyterian Church will hold its annual Thank Offering Service at 7:30. The program will include numbers by the choir, a trombone solo by Rev. Joseph Stephens, pastor of the Irvington Presbyterian Church, and a guest speaker.

Groves Jr., pastor of the St. James Episcopal Church in Centerville, has announced that a special family service and Holy Communion will be held Thanksgiving Day at 10:30 a.m. Children of the church school and their parents are invited to attend. Regular services will be conducted on Sunday, Nov. 24.

A specially prepared lesson-sermon entitled "Thanksgiving," comprised of citations from the Bible and the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Eddy Baker, will be read at the First Church of Christ, Scientist, Niles, Thursday at 11 a.m.

ESCAPES DEATH IN TRAIN CRASH

D. W. Haberman, Centerville, had a near rendezvous with death Tuesday night that he will long remember.

Driving alone in his automobile on the highway near San Jose, he reports that he was suddenly aware of a speeding train crossing the road directly in front of his machine. He veered the machine as quickly as possible and crashed.

Minutes, or hours, later he awakened with a large knot on his head and still seated at the wheel of his completely demolished automobile, approximately 200 yards from the crossing where the crash happened. The engineer of the train, unaware of the accident, had continued on his way.

Haberman walked back to the highway crossing, hailed an oncoming bus and rode into town to report the accident and have the wreckers bring in what was left of his automobile.

MISSION SAN JOSE PETITION ASKS FOR SEWAGE ANNEX

Residents of Mission San Jose this week instigated the preliminary steps for the establishment of a sewage system in that community.

A petition, circulated by Joseph E. Perriera and bearing the names of 65 Mission San Jose signers asking for an annex to the Irvington sewage system, has been presented to R. J. Wright, secretary of the Irvington Sanitary District.

The petition and request for the annex is being studied by attorneys for the district this week. When the request is found to be in the correct legal form a special election will be called at Mission San Jose to put the issue up to the voters of that community.

Should the majority favor the annex, then a bond issue would follow to raise money for the laying of pipe throughout the community and to the Irvington system where it would be tapped.

200 New Houses Being Erected in Township For Returning Veterans

Making an all-out effort to provide adequate housing facilities for returned and returning ex-G.I.'s, contractors and builders in Washington Township now have on the drawing boards and under construction more than 200 new houses, all being built exclusively for the veterans.

Two of the new houses, completed this week on the Ford Tract

on Second street, Niles, by Contractor L. M. Potts, will be open to the inspection of the public, Sunday, Nov. 24, between the hours of 1 p.m. and 5 p.m. The new houses have been purchased by Robert Anderson and Mr. and Mrs. Kenneth Jones. Potts reports that two other houses are now under construction on the tract, located near Corpus Christi Church, and stated that plans call for the construction of 14 additional homes.

Also open for inspection Sunday will be the model house located in the Irvington Tract near that community. This tract is being developed by Mr. and Mrs. James Fitzhugh, Irvington, and Eugene M. Stevenson, Centerville, and when completed will contain 75 junior five-room houses all custom built to suit the veteran purchasers. The houses, all built under FHA specifications, will have just under 1,000 feet of floor space with a large garage separate from the house. The tract has been subdivided, lots staked out and sewers and water mains ready to tap.

NEWARK TRACT

The Claude T. Lindsay Company of San Francisco is preparing a tract at Newark for the erection of 50 new homes with a possible extension of commitments to include several more. The tract is bounded by Sycamore street on the south, Cherry street on the north and Dairy street on the east.

The tract will include both 5 and 6-room homes, and are being built under FHA supervision with the price to be established by the Federal Housing Administration when completed. The foundations for 11 of the new houses have been poured and construction will follow immediately. Sewers are now being laid and as soon as this work is completed the streets of the tract will be paved.

HOMES IN DECOTO

The Lindsay Company is also erecting four new houses in Decoto. These homes will be 5-room redwood siding houses with garage attached.

K. P. Suhnel, Centerville contractor, is developing the Suhnel Tract on Mt. Vernon avenue between Niles and Centerville. The new tract will contain 16 5 and 6-room houses upon completion. Suhnel stated this week that two of the houses are now completed and that three more will be ready for occupancy by Dec. 1.

IN CENTERVILLE

The Hanson Tract, located on Pine street in Centerville, when completed will include 24 new 5-room approved homes with garages. The houses are being erected by the Suburban Home Company by Mr. Lewis and Mrs. Shuman.

Six new homes are nearing completion on the J. C. Shinn Tract located on West First street, with plans for the construction of many more homes in the near future.

LOCAL COUPLE AID IN HUNT FOR MISSING CO-ED

The state-wide search for 19-year-old Lorraine M. Gerlich, University of California co-ed, is of special concern to two local people, Mr. and Mrs. Richard Davis of Niles.

Mr. and Mrs. Davis are life-long friends of the parents of the girl, Mr. and Mrs. Dan Gerlich of Santa Maria, having known them when they lived in that southern city.

Upon the disappearance of the girl, who was reported missing a week ago Wednesday, the Santa Maria couple telephoned Mrs. Davis and have kept in constant touch with her.

"She was a shy girl, and very studious," said Mrs. Davis. "And she was their only child. It is a terrible blow to them."

Berkeley police officers, investigating the co-ed's disappearance, said that she must have anticipated leaving, for she had burned her diary and turned her boarding house key over to her landlady just prior to leaving the house Wednesday morning.

A close friend of the girl's, Ruth Rodseth, told police that she knew of no motive that could have caused her to disappear. She said that at no time had she appeared worried about her studies, adding that she was "pulling down the grades she had expected."

Mrs. Davis accompanied the girl's parents to Berkeley to assist them in their search.

SCHOOLS CLOSED ALL NEXT WEEK

Students and teachers of Washington Union High School will enjoy a week's Thanksgiving vacation beginning at the close of school hours tonight. School will be resumed Monday morning, Dec. 2.

The majority of elementary schools in the township will also observe a full week's vacation. Two of the elementary schools have not announced their plans but are expected to conduct classes on Monday and Tuesday.

SON FOR VARGAS FAMILY

Mr. and Mrs. Manuel E. Vargas, Alvarado, are the parents of an 8 pound, 8 ounce son, born at Hayward Hospital on Nov. 9.

NEWS

from Walt & Ed

A new home owner got a lookin' around in the city the other day and decided he could save some money on a house full of new furniture, but the joke was on him because when the furniture arrived, there was a \$25 delivery charge tacked onto the bill.

The funniest part of this story is the fact that the furniture delivery man got to lookin' around Niles and found out that he could save money on furniture for his own home and took back three rooms of furniture for himself.

Come see us some time.

... At the Peephole ...

Lucky man! FRED DIAS won the \$25 pool at Solon's last Saturday on the St. Mary's-Santa Clara game. Township people turned out en masse for this annual event.

One of Niles' young matrons was very much distraught the other day because, after buying a load of furniture at an Oakland store, she was informed that she would have to pay \$25 delivery charges before she could get it out to Niles. Was she MAD! As one Niles merchant was heard to remark (he was not a furniture man!) "Well,

she should have done her buying in the township!" Guess you've got something there, bud!

GROVER TAYLOR, who has had a series of broken arms (what we really mean is that he's had his one arm broken seriously several times) will resume his duties at Westvaco next week. He considers himself still a newcomer to Newark, since he's lived there only 19 years!

From all the talk that is going

around there is apparently only one veteran in the township who has come back with that "world owes us a living" attitude. If you attend the meetings of a certain organization you probably know who he is.

The face of PETER QUARTAROLI is wreathed in smiles. "He feels like a free man with his retirement from the county road department after 20 years of service. His wife, Sophie, has been one of the township's most indefatigable workers for the Red Cross.

A gallantry that could not be equalled by the younger generation of the present day was displayed at the St. James Men's Club card party last Friday night. Mr. HOWARD CHADBOURNE, who was serving cake and coffee (the men did all the serving) had the misfortune of spilling sugar all over the lap of a very sweet-tempered elderly lady to whom the term "gentlewoman" would be most applicable. Mr. Chadbourne, with twinkling eyes, remarked equably, and with considerable flourish, "Ah, sweets to the sweet!"

WES SEARS slumping down in a chair in The Register office in a totally exhausted state. "Whew!" he sighs, "I don't know if we'll make it!" He was referring, of course, to the opening of his new store in Newark Saturday, which is said to be the last word in everything modern. But he'll make it all right! He just had a temporary siege of open-itis which hits every one before the opening day.

It seems like old times to be able to say again, "See you at the 'Florence' tonight. We're having dinner there." DAN and ALICE QUARTAROLI have finally been persuaded to open the restaurant doors again. The "Florence," incidentally, has been in the same family for 17 years.

Mrs. RAYMOND L. WRIGHT of Niles in a slightly perturbed and confused state because of the disappearance of one of the "exclusive" numbers—a "little black dress"—from the racks of the rummage shop of the Toyon Branch that is situated on Main street in Niles. "It was one of our best dresses," lamented Mrs. Wright, who was tending shop that day, "and while I was busy some one walked right out the door with it."

Looks as if the rummage shop needed the services of a spotter!

A note from DOROTHY JACKSON at the University of California tells about GERTRUDE GASTELUM of Newark, also at the university, being a runner-up in the contest for Homecoming Queen. Quite an honor, that, for one of our local girls!

GLADYS WILLIAMSON, still warding off the quips about her being a grandma.

"The rumors were flying." Friends of a certain young matron, formerly of Niles, were already discussing plans for stork showers for her, when they discovered, much to their dismay, that the "situation had been exaggerated!"

NILES BUS DEPOT TO CHANGE HANDS ON DECEMBER 1

The Peerless Bus Depot in Niles, which has been owned for more than a year by Mr. and Mrs. Richard Davis, has been sold to Lillias Foscaltina of Livermore.

Mrs. Foscaltina will take over the business on the first of the month. She formerly owned a grocery store in Livermore. Niles townfolks will miss the friendly faces of "Richie" and "Gertie" behind the counter, but realize that the couple, having worked hard and kept long hours, are due for a little relaxation. Davis, formerly a plumber, has made no immediate plans for the future.

JOHN P. RODRIQUES DIES AT ALVARADO

John P. Rodrigues, 71, died at the family home on Creek Road, Alvarado, Tuesday, Nov. 19.

Mr. Rodrigues, a native of Fayal, Azore Islands, is survived by his widow, Emily; four sons, John P. Roderick, Joseph P., Lawrence A. and Anthony J., all of Alvarado; a sister, Frances Gomes of Alvarado; and brothers and sisters in the Azore Islands.

Funeral services will be conducted from the Chapel of the Palms, Centerville, today at 9:00 a.m., followed by a 9:30 requiem mass at St. Anne's Church in Alvarado.

Interment will be in Holy Cross Cemetery, Centerville.

CASES HERE ARE CARED FOR BY LOCAL RED CROSS

Judge Frank M. Ogden, chairman of Oakland Red Cross Home Service, announced this week that 23 full time workers and ten volunteers were required to handle the chapter's load of 2,608 cases involving veterans, servicemen and their families, in October.

Washington Township branch stated that 43 of these cases were in Washington Township.

Judge Ogden pointed out that since the war, the time spent on the average case by chapter workers has had to be increased, because of the substantial increase in the number of veterans who have made requests of home service.

REBEKAH NEWS

The next meeting of the local lodge will be held Friday evening, Dec. 6, at which time officers will be elected for the ensuing term, and plans will be made for the annual Christmas party to be held Friday evening, Dec. 20.

The members of the Friendly Sewing Circle will hold their annual food sale, bazaar and card party on Friday, Dec. 6, at Odd Fellows Hall, Niles, according to Mrs. Maggie Neill, president. Doors will be open at 11 a.m., cards to begin at 1:30 p.m. The members of Necona Theta Rho Girls' Club will have a table at the bazaar under the direction of Mrs. Jennie Mohn, the club's advisor.

The members of Necona Theta Rho Girls' Club No. 46 met Monday evening, Nov. 18, at the home of Mrs. Jennie Mohn for a social time. Mrs. Mohn plans to take them roller skating on the evening of Nov. 29. The next regular business meeting of the club will be held Monday evening, Dec. 2, at Odd Fellows Hall, Niles, with Barbara Neighbors, president, presiding. At this time the girls will make plans for their Christmas party.

TAXPAYERS URGED TO GET BILLS NOW

With the first installment of property taxes becoming delinquent December 5, County Tax Collector Edwin Meese Jr. urges taxpayers who have not yet obtained their current bills to call for one or write in for them now. Taxpayers who desire their bills mailed may still write to the Tax Collector, Court House, Oakland 7, giving a description of property for which a bill is wanted or enclosing last year's bill for reference purposes.

Your Support is Needed

During the next few weeks a group of local men and women will be working in their home communities in Washington Township at a thankless task for two very worthy causes—raising funds for the new Hanna Center for Boys and the Community Chest.

The Hanna Center will be a home for young homeless boys, where they will be given an opportunity to make a future of their lives. Open to boys of all religions, the new center, named for the late Archbishop Hanna, will be located near Danville and will be patterned after Father Flanagan's Boys Town, near Omaha.

Under the blanket title of Community Chest are a number of worthy organizations united in one drive for your convenience to enable you to contribute to all but one donation. When you give to your Community Chest you will be contributing to the carrying on of the USO, the Boy Scouts, the Girl Scouts, the Child Welfare Organization and the Salvation Army, all worthy and deserving units that must depend upon you for support.

Do not wait to be asked for your contribution. Call a member of both committees and offer your contribution to the help and care of those less fortunate than yourself.

Income Tax Cut?

All reports from Washington indicate that the little man who foots the bill—Timothy T. Taxpayer—is going to have his income tax load lightened considerably when the 80th Congress convenes next January.

Whether or not the slash will reach 20 per cent as some Republicans have promised, is not at all certain. But it is not unreasonable to expect a reduction of at least 10 per cent.

The question is: Can income levies be reduced while we maintain all essential functions of Government, reduce the towering national debt, provide sufficient funds to keep our armed forces at their proper strength, and continue to give veterans the aid they deserve?

That's a pretty big order and it may not be quite so easy to fulfill as some congressmen believe. Nevertheless, if the economy ax is used in the proper places it should be possible to accomplish.

For one thing, the federal payroll can certainly stand a lot of trimming. If the number of persons now clogging government offices is cut down to a reasonable level the saving to the taxpayer will amount to many hundreds of millions of dollars annually. The paring down of other departmental expenses will also help, especially their appropriations will be granted to if congress lets it be known that no further cover deficits.

While there is no possibility that government expenses can ever be reduced to their pre-war level—and that means that income taxes are never likely to be as low as they were a few years ago—there is still no valid excuse for the federal budget to remain at its present level.

Real economy in Washington—the taxpayer wants nothing else—will give the taxpayer a needed break.

NILES SCOUTS WIN BACK SCOUT TROPHY CUP

Once again the Niles Boy Scouts are in possession of the George Coit trophy cup, which was taken away from them at last year's Scout Rally by the Newark and Centerville troops which tied for first place.

Last Wednesday night, at the annual rally at the high school, Niles troop No. 2 came out with top honors with 60 points. The other township troops participating totaled up the following number of points: Niles troop 1, 44; Centerville 54, Newark 56, Decoto 46, and Irvington 33.

The troops placed as follows in the different events:

Signaling—Newark, Centerville, Niles troop 2.

Fire by fraction—Niles troop 2. No second or third places in this event.

Fire by flint and steel—Niles troop 2, Centerville, Niles troop 1. First aid—Irrington, Newark, Centerville.

Knot-tying—Centerville, Newark, Niles 2.

Undress race—Decoto (first and second places) Niles 1.

Mystery event—Niles 2, Irvington, Centerville.

Respect to the flag—Newark, Niles 2, Centerville.

Judges for the events were Jud Taylor, Irving Hird, and Judge Allen G. Norris.

The rally was enlivened by the playing of selections by the Washington High School band, under the direction of Dwight Thornburg.

Those in charge of the affair included Fred Duffie, Phil Sousa, Kenneth Van Valer and John Cateano. Assisting them were Mr. Wm. Dale, who took charge of transportation, and a newcomer to scouting, Claude Hamm of Niles.

LANDING OF THE PILGRIMS

These English people, in a state of rebellion against the hard laws of church and state, had fled to Holland. Thence they migrated to the New World in the ship Mayflower, one third of the company being religious Separatists from the Church of England and the rest ordinary colonists. They were country gentlemen, small business men and some skilled artisans with their indentured servants.

Before landing, they drew up and signed the Pact. This was modeled on the customary form of church covenant and was the basis of all future laws in New England and the origin of our democratic government.

THANKSGIVING 1946

We Americans owe a great deal to Thanksgiving Day. Its original, simple purpose—a day to give thanks for God's blessings—can be embraced by all of us regardless of faith or creed. That we do set aside a day for such a purpose is, in my opinion, the most valuable ingredient

in our national philosophy. So long as we keep it a real Thanks Giving day, observing it with the humble sincerity of those who first observed it, we shall continue to have plenty to be thankful for.

Thinking Things Over...

By VIVIAN BATMAN

We went over to the Cow Palace in San Francisco last week expecting to see cows. But what did we see? Well, we saw movie actor Fred MacMurray, who bore no resemblance at all to a cow.

Mr. MacMurray, looking very debonair and rakish in his snap-brim hat and tweeds, was forced to arise from his seat in the audience and take a spot-light and a

bow in front of close to 15,000 people—and goodness knows how many cows and horses! He did it with admirable aplomb, however, and one got the impression that Mr. MacMurray is used to taking bows and spot-lights. With him in his box were a couple of men of nondescript appearance and one ravishing brunette female and another equally ravishing blonde.

Frankly, I spent most of my time at the more than four-hour show wondering which one was his wife—or if either one of them was!

Of course there were other things at the show besides Mr. MacMurray. There were cattle. All kinds of cattle. I had no idea there were so many varieties of the bovine creatures.

The one that intrigued me most was the big steer, weighing 2,260 pounds, which was reclining on a bed of straw in the most disgustingly lazy fashion you ever saw. He belonged to the San Mateo Meat Company, but from his apparent laconic manner he had no idea that he belonged to a meat company. Neither did he, by so much as a moo, indicate that he understood the English language.

When a hungry looking female came up and oohed and aahed over him and said, "My, what a lot of steaks YOU'D make!" the animal simply rolled his soft brown eyes at her in the most gratuitous manner, just as though she'd promised him a bale of hay for Christmas!

You can plainly see that he has no idea what fate has in store for him.

There were cattle from Texas, from Iowa, from Illinois. As a matter of fact, there seemed to be cattle from all over the United States.

Now that we are on the subject of animal life, I might mention that Myrtle (the turtle) has returned to the fold. Missing for a week, Myrtle was found hiding behind a shoe in Billy's closet. Bordering on a state that Mahatma Ghandi is generally in, Myrtle was soon revived with a couple of choice flies, and is now in the best of health, eagerly straining at the bit for another adventure.

Thick slices of Arkansas ham, pecan nuts, and sorghum were

some of the delicacies that some VERY nice people, who have just returned from a trip to the south, brought us this week. Frankly, if everything in Arkansas is as good as the ham, I will willingly trade California for Arkansas.

ALL THIS FOR \$25

How would you like to get married for \$25?

The above-mentioned sum will give you all of this: "Soft organ music will fill the tiny church; a minister of your choice will officiate as you pledge your nuptial vows before the candlelit altar, impressive in its simplicity. A soft stained glass windows will light glow from antique lamps or the the ceremony, and as you leave, the bronze steeple bell, made by the craftsmen of old-time church bells, will ring its joyful message across the peaceful desert miles."

Brother! If we could only get married again!

This interesting little piece of news about weddings was forwarded to The Register office by the Hotel LAST FRONTIER at Las Vegas, Nevada.

"Dear Editor"—(we are quoting)—"Our records show that

sooner or later someone from your area will be married at the Little Church of the West. To better acquaint you with our Wedding Chapel, which is nationally known, we are enclosing a new brochure which gives complete information.

"Your honeymoon will be a romantic round of Western fun and exciting modern living in Las Vegas" (it says here). "A host of famous persons have chosen the Little Church of the West, with its quiet, dignified simplicity and beautiful setting—" (it also says here).

In reading over the list of Hollywood stars, however, one thing is significant. Most all of them have been divorced since! Perhaps the "bronze steeple bell, ringing its joyful message across the peaceful desert miles" was a little too much for the bride and groom!"

CENTERVILLE P.T.A. SERVES LUNCHEON

The annual turkey luncheon served to the students and faculty of the Centerville Elementary School under the sponsorship of the Parent-Teacher Association, was held at the school cafeteria Wednesday noon.

Norris, Mr. and Mrs. Manuel Oliveira and Mr. and Mrs. E. J. Sabina, members of the board of trustees; Miss Eluney Ryan of the county school office, and Miss Edna Ebricht, school nurse.

Ladies of the association who prepared and served the meal included: Mesdames A. E. Rogers, Evelyn Peixotto, John Brown Jr., Alice Lambrecht, Tom Maloney, George Rogers, Daniel Amaral, Henry P. Dias, Joseph Santos and Raymond Rodrigues.

LOCAL NEWSBOYS WIN AWARDS

Thursday evening, Nov. 21, at the Tribune Independent Boy Dealers' Yardstick Dinner at the Hotel Leamington, the following boys, with their parents as guests, and their district advisor, Frank Pine, received there awards: James Miller, Master Dealer; Richard Maria, Ace; Eddie Clary, Ernest Delgado, Reginald Lewis, first class; Arthur Goularte, Kenneth Kraft, Felix Ybarra and Frank Valarde, second class.

These boys, according to Advisor Pine, have worked hard and are deserving of these awards.

These boys don't mind the work, to them it is a pleasure to do all they can, while on their routes, to please their customers. But, as these boys say, to work with a swell guy like Mr. Pine, their advisor, it is a pleasure.—Contributed by James Miller.

Only the celery we can guarantee crisp, tender and delicious comes to SAFEWAY

Celery is not an easy crop to produce. It takes the right kind of soil, favorable climate, and lots "know how" on the part of the farmer. But when the correct combination is provided, the reward is an appetizing vegetable that's worth going out of your way for. To get the best for our customers, Safeway buyers go into the fields to select top-quality, brittle-crisp celery. They rush the very finest to our stores. No wonder that with celery, as with all fruits and vegetables at Safeway, we can say, "it must please you, or all your money back."

Van Ophems in Washington, D. C.

"We're having many delightful and interesting experiences." That is the word that comes back to friends and relatives of Mr. and Mrs. Jean Van Ophem of Niles, who are in the east on a business trip. The Van Ophems spent a few days in New Orleans and a week-end in New York City. They are presently living in a "very charming apartment in Washington, D. C." and Mrs. Van Ophem — "Fay" to her friends here — is resuming her study of the Spanish language which she began, and became to enthusiastic about, while in California. No definite date has been set for the couple's return.

The Semas Family Is On The Go

Mr. and Mrs. Joe Semas of Newark, accompanied by their daughter and son, Lorraine and Richard, motored to Hanford last Friday to spend the week-end with friends and relatives.

Two other sons of the Semas are also making news. Clarence, who lives in Salinas, has just become a father, and Joseph is in Guam as a civilian worker in an ordinance supply depot. The weather in Guam, according to him, is warm but very rainy.

Frank Ferry and Bride Return to Niles

A delayed wedding announcement was made this week of the marriage of Alberta Schulz of Oklahoma City to Frank D. Ferry of Niles.

The couple were married in San Jose on Monday, October 7, and have just returned from an extended honeymoon tour that took them through the southwest and to Oklahoma City.

It was in the latter city that Frank, son of Mr. and Mrs. Joe Ferry of Niles, met his bride when he was with the Navy.

Standing up with the couple at the wedding ceremony were Mary Louise Moll and Harold Burns.

The benedict is a graduate of Washington Union High and served in the Navy for two years. His bride attended schools in Oklahoma City and St. John's College at Winfield, Kansas. She is the daughter of Reverend and Mrs. John F. Schulz.

The couple are living at 721 Main street in Niles until they build their new home.

Belated Honeymoon For Niles Couple

A belated honeymoon, which was delayed because of war conditions in England, where the couple was married, was taken this week by Mr. and Mrs. Tom Champion of Niles.

The young couple, married during the stress of war, were unable to take a real honeymoon after their wedding in England because Mr. Champion, then a corporal, was unable to obtain sufficient leave. Then he was sent home to America, and his bride, finally able to get passage, followed him a few months later. Since that time they have been making their home in Niles, where business and the car shortage kept them until just these past two weeks. Then they took off in a brand new Chevy for the southern part of the state, visiting Pismo Beach, Manhattan Beach, San Diego, Hollywood, Tia Juana and Mexicali, among other places. The high point of their trip came at Yosemite, which was beautiful under a blanket of snow. And speaking of blankets — the Champions had twelve (that's right, 12!) of them piled on them during the night. It was that cold at Yosemite!

Mr. and Mrs. Earl Wallace, owners of the former Paul Dougherty place on Santos Road, where the Hirds have been living, will move into the home following the departure of the Hirds. They have been living in the small cottage in the rear of the big house on the ten-acre place. The Wallaces formerly lived in Oakland.

JOY FOR A GREEK FAMILY

YOUNG MISS GREECE—and her sister, too—eagerly watch grandmother Kakavias of Corinth open a Greek War Relief Association 35-lb. food parcel. Any American, like the generous person who helped the Kakavias, wanting to supply food to starving Greece merely sends \$12.75 to the Association in New York City and that night his order is telegraphed overseas. In a few days a hungry Greek family is eating nutritious, staple foods. In addition to the parcel service, GWRA launches this winter a \$12,000,000 fund-raising campaign to build 40 health centers; to house and feed 375,000 war orphans; and to supply a warm, noonday meal to almost 2 million hungry school children.

COOKS, HERE'S
WAY TO BUY
YOUR TURKEY

If you want to give your family the standard ration of the main course on November 28, buy one pound of turkey for each person who will sit down at your table on Thanksgiving Day.

This was the advice given Bay Area housewives this week by Irene Cameron Pierce, director of nutritional service for the Oakland Red Cross. Mrs. Pierce added that this allotment was figured on the weight of the bird when "New York dressed", with the head and feet still on, picked but not drawn.

"There are two ways you can buy turkey," Mrs. Pierce said, "full drawn and cut. Full drawn turkeys are ready for the oven and may be purchased quick-frozen or not, as you prefer. This year cut turkeys will be available in some markets — either in halves, or pieces. Even half a turkey, suitable for a small family, can be roasted, though normally cut turkeys are used in fricassees."

The housewife who wants to get her money's worth (and who doesn't) should remember five things about turkey buying when she shops for her holiday meal. The best buy, according to Mrs. Pierce, has (1) a clear waxy skin, few pin feathers and no bruises or discolorations; (2) a plump appearance; (3) streaks of fat (which appear yellow) under the skin; and (4) a short body and a broad

breast. The fifth item to remember is that if you are having eight to fifteen pounds of turkey, get a hen and if you need sixteen to twenty-five pounds in your bird, get a tom turkey. According to Mrs. Pierce, hen turkeys over fifteen pounds are likely to be too old and tom turkeys under sixteen pounds are likely to be too bony.

Mrs. Pierce gave a two rule of thumb and forefinger methods of telling when the turkey is done. The first is to squeeze the drumstick—protecting your hand with a cloth—and if it feels soft, the bird is ready to go on the table. The other involves taking the drumstick bone between thumb and forefinger and moving it up and down gently. If it feels loose or like it was going to come off in your hand, it's time to serve.

For what goes into the bird, Red Cross Nutrition Service has an answer, too. A recipe for moist turkey stuffing which has been tested in the classroom kitchen at Oakland Red Cross, follows:

3 quarts moist bread crumbs
1 cup of grated or finely chopped onion
½ cut of chopped parsley
3 tablespoons of salt
1 to 2 teaspoons of pepper
3 tablespoons powdered sage
2 quarts of turkey stock (made from the neck and giblets)
Mix all the ingredients together and stuff the bird.

Early in the life of a fish, long before the first trace of a scale is seen, the number of rows of scale and adult fish will have, has been determined.

STEEL MILLS are working day and night. Steel production is setting peacetime records. This is good news for you.

In one way or another steel helps make almost everything you use — cars, washing machines, refrigerators and countless other things.

By pushing its production to record-breaking volume, the steel industry is helping hundreds of other industries get going.

However, the mills are not yet able to supply the full demand for steel. This is largely due to the loss of 12,000,000 tons of steel production this year from strikes in steel, coal and other industries.

The mills are trying hard to make up the lost output. If the present production pace can be continued, there should be enough steel for normal needs before many months are past.

MISSION SAN JOSE NEWS

WITH LOIS JUSTUS

Death on Monday morning at 3 a.m. claimed another one of our old timers. Mr. Edward James Callahan, aged 73, who has been in very ill health for the past two years, was called to his final rest. His wife, Mamie, and son, Leslie, were with him when he very peacefully slipped out of this world.

Mr. Callahan was born at Calaveras, near the sight of the present dam, and his childhood for a time was spent there and in their shopping center of Milpitas. He attended Mission school as a lad and on February 9, 1903, he and Mamie Souza were united in marriage here in St. Joseph's Church. To this union three sons and two daughters were born. Edward Jr., who passed away several years ago; Leslie of the Mission and Melvin of Los Angeles. Mrs. Joseph Rose of Vallejo and Miss Edna Cross of Irvington.

Mr. Callahan, in his early life in the Mission, worked at the estate of the Stephens family, later owned and operated a butcher shop in the Mission, and of late years before he retired he was night watchman at the F. E. Booth Cannery in Centerville. He was clerk of the Mission Grammar School board for twenty years but due to his recent illness, resigned about two years ago.

Besides his wife and family he is survived by two sisters, Becky of Oakland, and Maggie.

Funeral arrangements from the Berge Mortuary at Irvington with mass being said at 10 o'clock at St. Joseph's Church were held on

Wednesday. He was interred in Holy Sepulchre Cemetery, Hayward, beside his son, Eddie Jr.

On Sunday of the past week Mrs. Lois Bottenberg, local postmaster, went to Placerville to spend a week more recuperating at the home of her daughter and son-in-law, Mr. and Mrs. Norman J. Kamp, before resuming her work at the office. She was accompanied by her son, Sgt. Harley (Bud) Justus who went on to Sacramento to visit his father, Harley L. Justus, and Mrs. Justus.

Wednesday Pfc. Daniel L. Silva went to Sacramento by bus to join Bud Justus. From there they proceeded to Placerville where they spent the remainder of the week at the Kamp homestead. DECOTO NEWS

By ETHEL AVILLA

On November 16, a GMC diesel truck, owned by Douglas Reed of 811 Tenth street, caught fire and burned, causing considerable damage. The fire, started by a short circuit, was extinguished by the Decoto Fire Department.

One man was killed and two seriously injured in an automobile-train accident here on Nov. 17. The car was hit by the Western Pacific passenger train No. 2 at the Decoto road crossing. Driver and owner of the car, J. R. Jordan of 1182 Birch road, Newark, was killed, and the two occupants, Glen Cole of Newark, Jordan's brother-in-law, and Marvel Payne of Hayward, were badly injured. All three were taken to the Fairmont Hospital by the Chapel of the Palms ambulance. The fire department assisted in extricating the victims from the car which was completely demolished.

Mr. and Mrs. Silvio Re, accompanied by Frank Pimentel and Mr. and Mrs. Joseph Terra of Hayward, saw the horse show and rodeo at the Grand National Livestock Exposition in the San Francisco Cow Palace over the week-end.

Very early Tuesday morning, Nov. 21, about two o'clock to be exact, Johnnie Haven, Raymond Perry and Al Faletti left for the Colusa rice fields where they hope to get in some good duck and goose hunting.

On Sunday afternoon, November 17, Mr. and Mrs. Harold Wallace visited their young son, Warren, who is in the Cerebral Palsied School for Children in Redwood City. Warren is progressing nicely under the watchful care of the combined staff of doctors, nurses, teachers and attendants.

The lives of these children are happy and well regulated, with a time for school, a time for exercise, a time for rest and a time for play. This wonderful state school which opened September 1, is so situated that it receives the full benefit of the air and sunshine and is protected from the wind on all sides by wooded hills.

At present there are only 13 pupils enrolled but fifty more are expected by Christmas. The school rooms, offices and dormitories are all in one building, but in the near future when materials and labor are plentiful, there will be a new school, large enough to accommodate three hundred pupils.

On Saturday night, Nov. 16, a surprise shower was given for the bride and groom, Mr. and Mrs.

Tony Lopez, by Mrs. John Delcres, in the rumpus room of her home on Fourth street.

Over one hundred guests were present, enjoying the dancing, games, and delicious refreshments. All delighted in seeing the newlyweds open their many beautiful wedding gifts. Included among them were seven sheets and as many pairs of pillow slips.

The highlight of the evening was the exquisitely decorated, three-tiered wedding cake presented to the young couple by Mr. and Mrs. Nieto of Hayward. The cake was cut by the bride amid cheers and good wishes.

Busy Day

Mrs. Fred Dias had a busy day last Sunday with Y.L.I. events. She attended the communion and breakfast and later in the day motored to San Francisco to attend another Y.L.I. meet at headquarters there.

Sunday Luncheon

Entertaining at a luncheon party last Sunday were Mr. and Mrs. Howard Plumb of Niles. The following guests attended the affair: Mr. and Mrs. George Pekota, Mr. Jesse Menzies and daughter, June; Bob Nielsen and Lennie Plumb, all of Niles; and Mr. and Mrs. Elmer Wills of Livermore.

Nancy Holmes SUGGESTS

THANKS to refrigerated cars and frozen foods, we can have fresh vegetables the year round. Anyone will agree, though, that those picked in the back yard and served the same day have a much better flavor than the imported variety. So eat all the vegetables you can while they're home grown and enjoy them at their best.

Vegetables prepared in the same manner day after day are liable to become monotonous, however. To lend variety, Nancy Holmes of the Best Foods kitchens suggests serving this delicious potpourri. It's almost a meal in itself.

Vegetable Potpourri

4 medium onions	3 ears fresh corn OR
2 tablespoons vitaminized margarine	1 can kernel corn
6 small tomatoes	2 tomatoes, sectioned
1 pound green string beans	1 chicken bouillon cube OR
1 cup celery	1 package soup powder
1 teaspoon salt	1/4 cup boiling water

Slice onions in 1/4 inch thick slices. Saute in vitaminized margarine until soft. Peel tomatoes, cut in pieces and add to onions. Add string beans cut diagonally in 2-inch pieces and cook 15 minutes. Cut outside pieces of celery into crescents. If fresh corn is used cut kernels from ears. Add with salt and celery to cooked vegetables. Cover and cook over moderate flame until all are tender, about 20 minutes. Add canned corn if used, place the 2 tomatoes cut in sections on top and add soup cube or powder dissolved in hot water. Cover and cook 4-5 minutes. Serve hot. Yield: 6 servings.

TRUCK MISSES TURN, WRECKS BUILDING

A large semi-trailer truck missed a turn in the business district of Irvington one morning this week and crashed into the front of the building occupied by R. J. Wright, real estate and insurance broker.

The heavily loaded vehicle struck the front entrance of the building, knocking out both of the double doors and the sills. Wright, who had just entered the building, escaped injured.

'FLORENCE' NOW SERVING MEALS

Once again the Florence Restaurant in Niles, traditional dining spot for lovers of fine food in the township, has flung open its doors for business.

It closed about a year ago because of food shortages. Alice and Dan Quartaroli still kept the bar open, however, so in a way it was still a rendezvous for friends of the Florence.

The dining-room will be under the management of Miss Dorothy Harper of Irvington; and Charlie Ross, imported chef from Los Angeles, will take care of the culinary department.

Miss Harper was formerly employed at the Hawaiian Gardens and Malvino's, both in San Jose. In addition to popular price lunches and dinners, short orders will be served at all hours.

NILES BROTHERS OPEN SHOP ON MAIN STREET

Mel and Les Duffey, well-known Niles brothers, announced this week that they are opening a repair shop at 760 Main street, Niles. Anything in the way of appliances, or kitchen utensils, will be repaired by the two men, who are thoroughly experienced in this line of work.

The building they are occupying was formerly occupied by Howard's Dry Goods Store, which went out of business this week.

The program, arranged by Ed Enos, Niles, included Howard Cook, field secretary of the university alumni association, who showed motion pictures of the recent St. Mary's and Wisconsin football game.

Honored guests were Judge Ezra Decoto, one of the first graduates of Washington Union High School and a California alumnus, and Miss Guilielma Crocker, San Francisco, class of 1886, the first teacher of the high school here when it was
